To Whom It May Concern:

I had the opportunity to employ Ms. Stacy Greene as my independent paralegal for my divorce case. First off, let me say that it was comforting to have Stacy on my team as she went the extra mile to make sure my legal rights and personal interests were protected.

My divorce case was extremely difficult on me, my children, my family, my friends and on my career. Stacy proved that she was not only a professional that cared about a fair settlement and presenting the best case possible, but she also showed deep concern for the well being of my children. For this I am very grateful.

Stacy was available any time to answer any questions I had concerning my case, to review pleadings, settlement offers and other documents. She was aggressive in preparing my case for trial and through her hard work we were able to achieve a very fair ruling. She did not hesitate to employ other professionals if she felt like their contributions would benefit my case. Without her tireless work, I do not feel I would have received the ruling I did.

Since my case could not settle and ended up in court, I expected my legal fees to be excessive. However, Stacy's fee structure was very fair and she was upfront about the cost of preparing my case for trial and provided me with a detailed bill that was easy to understand. The value I received from her work was much greater than the costs I incurred.

I am very grateful for the work that Stacy did for me and I would, without hesitation or reservation, recommend her to anyone involved in a domestic matter.

Sincerely,

Anthony L. Mathis, DPM
